Educational Leader: The Approved Provider of an education and care service must designate, in writing, a suitably qualified and experienced educator, coordinator or other individual to lead the development and implementation of education programs at the service (Regulation 118). This person must have a thorough understanding of the Early Years Learning Framework (or other approved learning framework), be able to guide other educators in their planning and reflection, and mentor colleagues in their implementation practices.

Educator: An individual who is qualified to provide education and care for children as part of an education and care service.

Learning frameworks: Under the National Quality Framework (NQF), education and care services are required to ensure that the program delivered to all children being cared for and educated by the service is based on and delivered in a manner that accords with an approved learning framework.

National Law: Refers to the *Education and Care Services National Law Act 2010*: the national law regulating education and care services for children.

National Quality Standard (NQS): The NQS sets a National benchmark for the quality of children's education and care services. The NQS is comprised of guiding principles, quality areas, standards and elements. There are seven quality areas which capture aspects critical to the provision of quality education and care.

Nominated Supervisor: A person who has been nominated by the Approved Provider of the service under Part 3 of the Act and who has consented to that nomination in writing can be the Nominated Supervisor. All services must have a Nominated Supervisor with responsibility for the service in accordance with the National Regulations. The Approved Provider must take reasonable steps to ensure that the Nominated Supervisor is a fit and proper person (in accordance with Sections 12, 13 and 14 of the National Law), with suitable skills, qualifications and experience. The Regulatory Authority must be notified if the Nominated Supervisor for the service changes, or is no longer employed at the service.

Person with management or control: Means— (a) if the provider or intended provider of the service is a body corporate, an officer of the body corporate within the meaning of the Corporations Act 2001 of the Commonwealth who is responsible for managing the delivery of the education and care service; or (b) if the provider of the service is an eligible association, each member of the executive committee of the association who has the responsibility,

Program: The group/activity in which a child is enrolled and which has specific hours of attendance.

Regulatory Authority: see definition for the Department of Education and Training.

Responsible Person: The Approved Provider (if that person is an individual, and in any other case the person with management or control of the service operated by the Approved Provider) or a Nominated Supervisor or person who has been placed in day-to-day charge of the service in accordance with the National Regulations.

Service Supervisor Certificates: On 1st November 2016 the National Regulations were amended to expand the classes of people who may be covered by a prescribed class supervisor certificate.

The new prescribed classes are set out in regulation 238A, and include a person who is:

- *responsible for day to day management of the service, or*
- *exercising supervisory and leadership responsibilities for part of the service*

Certificates issued for people working in one of these roles are referred to as “*service supervisor certificates*”. Service supervisor certificates will not be issued to a particular person. Instead they may apply to any person working at the service who has been identified by the approved provider as working in one of the above roles. For example, if the service director is responsible for day to day management of the service, they can be covered under the service supervisor certificate. Similarly, a room leader who is responsible for supervising part of the service can also be covered by the service supervisor certificate.

With this new flexibility, most individuals do not need to apply to the regulatory authority for a supervisor certificate.

Under these arrangements, a person is covered under the service supervisor certificate and may be a nominated supervisor if:

- the approved provider identifies that they meet the definition for a service supervisor certificate and
- they give their written consent to be the nominated supervisor (required under sections 35, 44 and regulation 56).

Nominated supervisors have specific obligations under the National Law (See Nominated Supervisors above). A person is covered and may be placed in day to day charge of the service if:

- the approved provider or the nominated supervisor identifies that they meet the definition for a service supervisor certificate and
- they give their written consent to be placed in day to day charge of the service (required under regulation 54).

These arrangements apply for centre based and family day care services, and make it easier for providers to meet the requirements to ensure that for centre based services, either the approved provider, nominated supervisor or certified supervisor in day to day charge is present at the service at all times the service is educating and caring for children (section 162) and

Staff: Any individual (other than the Nominated Supervisor or a volunteer) employed, appointed or engaged to work in or as part of an education and care service.
